Human Resource Services Partner (HRSP) is a recruitment and human resource service platform managed by Neha Qureshi and Nabiya Khan after completing a Digital Marketing course. Prior to this internship project, both team members had already been actively working on HRSP and building its online presence through social media marketing activities.

The business focuses on connecting employers with qualified candidates while assisting job seekers in finding suitable career opportunities.

Services Offered

- Talent Acquisition
- Recruitment Support
- Hiring Solutions
- Candidate Sourcing
- Remote Recruitment Assistance
- Workforce Planning Support
- Employer Branding Support

• WEEK 4: Advanced Marketing Techniques & Campaign Expansion

1. Partnership & Collaboration Outreach

- To increase the visibility of HRSP, potential collaboration opportunities were explored with recruitment and career-related platforms. A professional outreach message was prepared for relevant organizations to establish future networking and collaboration opportunities.
- Five recruitment-related pages were identified as potential partners:
 1. Payee Pakistan
 2. Growth supporter official
 3. IP tech hub
 4. Tech accuracy
 5. Hyper solution
- Professional outreach message drafts were prepared as part of the collaboration strategy.

COLLABORATION OUTREACH MESSAGES:

2. Search Engine Marketing (SEM)

A mock Google Ads campaign was created to demonstrate the Search Engine Marketing process. The campaign setup included campaign objectives, keyword research, audience targeting, location targeting, bidding strategy, and budget planning. The campaign was configured up to the payment stage for educational purposes but was not launched.

3. Social Media Growth Strategy

Interactive content was created to improve audience engagement and understand user preferences.

Activities included:

Interactive Poll

Question Sticker

Audience Feedback Collection

Poll Question

Which type of job interests you the most?

1. Marketing
2. HR
3. Sales
4. IT

Question Sticker

Whats your dreams job ? Tell us below 📌

These activities encouraged audience participation and provided insights into user interests.

Proof of Work

5. Retargeting Campaign (Mock)

A mock retargeting strategy was developed to reconnect with users who had previously interacted with HRSP content.

Campaign Objective

Increase engagement and generate recruitment leads.

Target Audience

- Users who viewed HRSP posts
- Users who watched reels
- Users who visited the profile
- Users who engaged with stories

Retargeting Advertisements

HRSP Still hiring Advertisement

Business Development Executive Hiring Advertisement

Since the hiring reel received the highest reach, it was selected as the primary content for the retargeting strategy.

Proof of Work

6. Content Distribution Strategy

To maximize content reach, HRSP content was distributed across multiple social media platforms.

This is the content distribution strategy table

CONTENT DISTRIBUTION STRATEGY – WEEK 4

Original Content	Platform Used	Distribution Method	Purpose
HRSP Introduction Post	 Instagram Feed	 Published Post	Brand Awareness and Service Introduction
HRSP Introduction Post	 Instagram Story	 Story Share	Increase Reach and Visibility
Hiring Advertisement (Business Development Executive)	 Instagram Feed	 Published Post	Candidate Attraction and Lead Generation
Hiring Advertisement (Business Development Executive)	 Instagram Story	 Story Highlight and Share	Drive Applications and Increase Engagement
HRSP Introduction Post	 Facebook Page	 Published Post	Cross-Platform Presence and Brand Awareness
Hiring Advertisement (Business Development Executive)	 Facebook Page	 Published Post	Expand Audience Reach and Job Visibility
Interactive Poll Post	 Instagram Feed	 Engagement Post (Poll)	Audience Interaction and Preference Collection
Newsletter Content	 PDF / Report Documentation	 Educational Content	Provide Valuable Information and Build Trust
Blog Article	 PDF / Report Documentation	 Informative Content	Thought Leadership and Professional Branding

Content Distribution Summary:

To maximize content reach and visibility, the same content was strategically distributed across multiple platforms including Instagram and Facebook. Instagram served as the primary platform for audience engagement through feed posts, stories, and highlights, while Facebook was used to expand reach to a broader audience. This cross-platform approach helped maintain content consistency and improve brand awareness for Human Resource Services Partner (HRSP).

WEEK 5

Data Analysis & Community Building

1. Analytics Review

Instagram and Facebook analytics were reviewed to evaluate campaign performance.

Key metrics analyzed included:

Reach

Engagement

Views

Profile Visits

Content Performance

The hiring reel generated the highest reach and engagement among all published content.

Proof of Work

2. Community Building

To improve audience interaction, HRSP conducted community engagement activities through Instagram Stories.

Activities:

Question Sticker

Interactive Poll

Audience Feedback

These activities helped strengthen communication with followers and encouraged user participation.

Proof of Work

3. Email Marketing Campaign

Three mock email campaigns were designed to demonstrate email marketing strategies.

Email 1

Subject: Welcome to HRSP

Email 2

Subject: Latest Jobs Available

Email 3

Subject: Don't Miss New Opportunities

Each email included HRSP branding, informative content, and a clear call-to-action (CTA).

Proof of Work

4. Content Optimization

Based on campaign performance, underperforming content was optimized.

The optimized content was designed to improve engagement and increase audience interaction.

Proof of Work

Original	Improved
Simple Hiring Post	Better CTA + Better Design + More Hashtags
Less Engagement	Poll Added
No CTA	Apply Now Button

5. A/B Testing

Two versions of recruitment advertisements were prepared to compare different headlines and call-to-action buttons.

Version A focused on direct recruitment messaging, while Version B emphasized career growth and stronger engagement.

The purpose of A/B testing was to identify which creative would perform better with the target audience.

Recommendations

Future campaigns should focus on:

Running live Google Ads campaigns with a dedicated budget.

Expanding content to LinkedIn and additional professional platforms.

Increasing the use of short-form video content.

Collaborating with recruitment platforms and industry professionals.

Conducting regular A/B testing to optimize campaign performance.

Using email marketing consistently to maintain audience engagement.

Conclusion

This internship project provided practical experience in planning, executing, and evaluating a digital marketing campaign for Human Resource Services Partner (HRSP). Through research, content creation, campaign planning, analytics, and optimization, the project demonstrated the application of key digital marketing concepts in a professional setting. The activities completed throughout the internship enhanced practical knowledge of social media marketing, search engine marketing, audience engagement, and campaign evaluation while contributing to the digital growth strategy of HRSP.
